Principal's Corner:

Fall is here, according to the calendar and leaves, yet the sunshine continues to bless us. Please watch the forecast so when the chilly breeze decides to blow our way your student is equipped with the proper clothing attire. We have had several kids out already with cold & flu so be sure to not let Mother Nature fool you into thinking it's still summer. With that, we will be getting outside as much as possible until the cold arrives, so a light jacket and sneakers are a great idea. Happy Fall!

On a separate side, safety note, please do not send glass water bottles to school. It is an extreme safety hazard for all. Thanks.

—Ms. Teresa

Congratulations to our 40 students who earned perfect attendance for the month of September! Thank you families for supporting your kids and their attendance!

Food Reminders

It is so vital for your child's day that they come to school having either breakfast to eat with us during our Sunrise time, or eating at home.

Please try and pack a lunch with at least 3 items, more as needed for your child but at least 3. We encourage the kids to eat their healthy food first before any treats. If your child stays for Sunset, please make sure they have a snack for that time as well. And as always, make sure they come with a water bottle.

Thanks!

Parent/Teacher Conferences

TLS LIBRARY

Each class has a set day for library.

Turtles—Tuesday

Tiger & Great White Sharks—Wednesday

Dragonflies—Thursday

Please return books in the blue library bag!

Thank you! —Ms. Melissa

News from STS

We have been busy getting into the Fall session. We welcomed a new tutor to our STS tutors this session, welcome Mr. Bryson! Our students are working hard and we are looking forward to reporting all the success they have this session! We are also settling into the routine in classes for typing so watch for a SuperStar Typer next month!—Ms. Maci

Turtles...

Welcome Turtle Families to Fall! We are off to a great start this session. Everyone has settled in nicely and we are doing some great work! We will continue to go outside, weather permitting, so please make sure your child comes with appropriate shoes so we can run around.

This month will be a fun one with our Fall fun Friday crafts and our Spooky Costume party at the end of the month. Be on the lookout for a note about our party that will be the Friday before Halloween in the homework folder. Thank you for everything you do to support us!—Ms. Amanda

Dragonflies...

Hello from the Dragonfly classroom! We are practicing writing our names and any extra practice you do at home is great! Be on the lookout for our sunshine suncatchers to be coming home soon. We are working on leaves for our classroom windows. Watch for reminders for Picture Day and our class party for Halloween. Thank you for all your support!—Ms. Cara

Tiger Sharks...

Fall is officially here! We are happy to welcome Ben to our class, it's so wonderful to welcome new friends to our school. We were excited to start Library check out, watch for the blue bag from your student. We are learning in Science about animal habitats, and we are working hard on our penmanship and sentence structure. There are so many fun things to look forward to in the fall. Watch for a note about our Spooky Party at the end of the month! Have a great October!—Ms. Mel

Dragons...

We are underway with our Earth Science curriculum as well as diving deeper into our Washington State History. You'll be happy to know that none of our students think that Lewis and Clark, is Lewis N. Clark, sadly a few of them did. We want to welcome Hazel to the Dragon class, I believe she is going to fit right in and thrive here. We have started to enter assignments into Notion, so you can keep up on your students progress. Let me know if you have any problems logging in. Looking forward to our first full month of Fall Session. —Ms. T & Mr. C

Great White Sharks...

While Ms. Kara is gone, the Great White Sharks have several teachers helping them learn. Their main teachers are Ms. Maci and Ms. Teresa but Ms. Brynn, Ms. Marah and Ms. RoseAnna also help throughout the day. The GW Sharks just finished their Biomes unit in Science and have started to learn about animal adaptations. We are learning about the 13 colonies in Social Studies. We also welcome Emma who joined us from Tiger Sharks are excited to welcome Olive to our class as well. —Ms. Maci

As an added incentive for behavior and work ethic I have decided that Fridays, the Great White students, who have shown work quality, quantity, and good choices in behavior, will join the Dragon class in their Fun Friday activity. This is also earned by the Dragons. Last Friday 9 of the Great Whites were invited to play kickball with us at Holley Park. It was a great morning. If you know your student is struggling with work or behavior, you can sure remind them of the possibilities Friday has to offer. —Ms. Teresa
